Computer Engineering
Kocaeli University, Turkey

Experience

Ritech Solutions (Tirana, Albania)
Frontend Lead Developer: 12/2024 – Present
- Leading cross-team meetings to align development goals and ensure timely delivery.
- Initiated and organized team-building activities and offsite trips to strengthen collaboration and morale within the team.

Ritech Solutions (Tirana, Albania)
Frontend Developer: 09/2023 – 12/2024
- Developed scalable Vue.js components, contributing to a modular, maintainable frontend architecture.
- Integrated APIs to support business-critical workflows with a strong focus on UX consistency and performance.

circuly GmbH (Bielefeld, Germany)
Backend Lead Developer: 12/2022 – 08/2023
- Directed backend team processes, from feature scoping and prioritization to production deployments.
- Oversaw feature flagging with Unleash to ensure safe, incremental rollouts in a high-availability environment.

Full Stack Developer: 10/2021 – 12/2022
- Built and shipped full-stack features across frontend and backend, including payment workflows with PHP Laravel.
- Contributed to architecture discussions and led feature-level planning for high-impact modules.

Frontend Developer: 01/2021 – 10/2021
- Created responsive and reusable Vue.js + NuxtJS components aligned with modern frontend standards.
- Implemented automated tests using Jest and Cypress to ensure reliability and regression-free releases.

Kocaeli University (Kocaeli, Turkey)
AMR Developer: 08/2019 – 08/2020
- Developed Autonomous Mobile Robots (AMRs) using ROS, with SLAM and natural navigation capabilities.
